

EEMUA Tanks scheme helps the young and homeless

The continued success of its TankAssessor scheme provided EEMUA with the opportunity to make two significant charity donations in 2010. EEMUA earned reward points in a loyalty scheme being operated by the company that owned the venues where many of the courses were delivered. The Association persuaded the owner of the venues, Menzies Group, to exchange these reward points for cash, on the understanding that the money would be donated to charity.

EEMUA's Training and Events Co-ordinator, Zoe Bonython and Storage Tanks Committee Chairman, Jan de Jong, selected the charities concerned. Zoe is pictured here handing over one

cheque to a representative from the UK's New Horizon Youth charity; and Jan de Jong presented a donation to Europa Kinderhulp in The Netherlands.

These charities are involved with helping homeless young people and underprivileged children.
